Study Skill As you complete the book, consider creating a graphic organizer for the entire book. In the center write the title of the book. Then write the chapter names in rectangles. Write your answers.

1. What is the chapter title? _____

2. Find the Table of Contents page for this chapter at the front of the book. Name four topics you will study in this chapter.

3. Look through the pages of the chapter. List four real-world connections that you see discussed in this chapter.

4. Complete the graphic organizer as you work through the chapter.
1. Write the title of the chapter in the center oval.
 2. When you begin a lesson, write the name of the lesson in a rectangle.
 3. When you complete that lesson, write a skill or key concept from that lesson in the outer oval linked to that rectangle.
